POSITION APPLIED FOR

AI Project Manager / AI Solutions Analyst / Digital Transformation Consultant

PERSONAL STATEMENT

PMP-certified AI-Enabled Project Manager with more than 15 years of experience delivering telecommunications, IT infrastructure and digital transformation projects. Completed a 9-module AI Bootcamp (Claude AI, prompt engineering, generative AI workflows, MCP integrations, agentic systems, Claude Code) and applies it in real project work: AI-assisted reporting and dashboards raised team productivity by 30% and cut reporting time by 40%. Combines Agile, Waterfall and PMI/PMBOK delivery discipline with practical AI automation. Based in Porto, authorised to work in Portugal and the EU.

WORK EXPERIENCE

2016 - Present | Senior Project Coordinator / AI Workflow Lead

Oduak Projects Limited | Sector: Telecommunications and IT infrastructure

Main activities and responsibilities

- Introduced AI-powered workflow automation (Claude AI, prompt-driven reporting, automated stakeholder updates), raising team productivity by 30%.
- Built project dashboards with AI-assisted data visualisation, cutting reporting time by 40%.
- Planned, executed and closed telecoms infrastructure projects (tower builds, fibre rollout, BTS upgrades) using PMI and Agile frameworks, with budgets up to $2M.
- Managed schedules, risk registers, vendor contracts and stakeholder communication across government, telecoms and enterprise clients.
- Led cross-functional teams of up to 25 professionals and kept client satisfaction (CSAT) above 90%.
- Improved delivery efficiency by 20% and reduced delivery risk exposure by 25% through structured risk management.

2013 - 2016 | Programme Manager

Adimae Glory Global Services Ltd | Sector: Telecommunications infrastructure

Main activities and responsibilities

- Managed a portfolio of concurrent telecom infrastructure projects across multiple regions with a 95% on-time delivery rate.
- Oversaw programme budgets, multi-vendor coordination and regulatory compliance for telecoms rollout programmes.
- Developed programme governance frameworks, risk dashboards and executive reporting packs aligned with PMI standards.
- Supervised and mentored a team of 12 project coordinators, embedding best-practice delivery methods.

EDUCATION AND TRAINING

2026 | AI Bootcamp Certificate
Claude AI, Prompt Engineering, Automation and Agentic Workflows
