PROFESSIONAL PROFILE

PMP®-certified AI-Enabled Project Manager with 15+ years of progressive experience delivering telecommunications, IT infrastructure, and digital transformation projects. Recently completed an intensive 9-module AI Bootcamp covering Claude AI, prompt engineering, generative AI workflows, intelligent automation, MCP integrations, agentic systems, and Claude Code. Combines deep project management expertise (Agile, Waterfall, PMI/PMBOK) with emerging AI capabilities to design smarter workflows, accelerate delivery, and embed AI solutions into enterprise operations. Actively targeting AI-forward roles in Portugal and across Europe.

AI SKILLS & BOOTCAMP TRAINING

Prompt Engineering

Structured prompts, chain-of-thought, few-shot, zero-shot, role-based techniques for business and technical tasks

Claude AI Platform

Projects, Memory, Artifacts, deep research, web search integration, Claude Code CLI, Claude Cowork desktop workflows

AI Workflow Automation

End-to-end AI-powered workflows; MCP integrations (Jira, Canva, Gmail, Figma, Apollo); agentic task orchestration

Generative AI for Business

AI-powered document creation, research synthesis, stakeholder reports, interactive dashboards, data visualisation

AI Project Management

AI product lifecycle (data→model→deploy→monitor); AI risk, governance, ethics, and responsible use frameworks

Vibe Coding / Claude Code

Non-developer automation scripting; interactive web tools, games, and dashboards via AI-assisted coding

AI in Telecom

AIOps, network automation, predictive maintenance, AI-driven NOC workflows, AI-assisted capacity planning

Agentic Systems

Multi-step agentic task orchestration, intelligent automation pipelines, MCP server integrations

9-Module Bootcamp Completed

CORE TECHNICAL COMPETENCIES

AI Project Management	Agile / Scrum / Kanban	Waterfall / PMBOK
Prompt Engineering & LLM Workflows	Digital Transformation Strategy	Telecom Infrastructure (2G-5G)
Risk & Change Management	Budget & Vendor Management	Stakeholder & C-Level Engagement
Cross-functional Team Leadership	Claude AI / MCP Integrations	Data Analysis & Reporting
AI Automation & Agentic Systems	Portfolio & Programme Management	KPI Design & Performance Monitoring

PROFESSIONAL EXPERIENCE

Senior Project Coordinator / AI Workflow Lead

Oduak Projects Limited

2016 – Present

- \$2M Budget
- 30% Productivity ↑
- 40% Reporting Time ↓
- CSAT >90%
- Team of 25

- Planned, executed, and closed telecoms infrastructure projects (tower builds, fibre rollout, BTS upgrades) using PMI and Agile frameworks, managing budgets up to \$2M.
- Introduced AI-powered workflow automation (Claude AI, prompt-driven reporting, automated stakeholder updates) improving team productivity by 30%.
- Designed and deployed intelligent project dashboards using AI-assisted data visualisation, reducing reporting time by 40%.
- Managed schedules, risk registers, vendor contracts, and multi-stakeholder communications across government, telecoms, and enterprise clients.
- Improved project delivery efficiency by 20% and reduced delivery risk exposure by 25% through structured risk management processes.
- Led cross-functional teams of up to 25 professionals; maintained CSAT scores above 90% with client stakeholders.

Programme Manager

Adimae Glory Global Services Ltd

2013 – 2016

- 95% On-Time Delivery
- Multi-region Portfolio
- Team of 12

- Managed a portfolio of concurrent telecom infrastructure projects across multiple regions, achieving 95% on-time delivery rate.
- Oversaw programme budgets, multi-vendor coordination, and regulatory compliance for telecoms rollout programmes.
- Developed programme governance frameworks, risk dashboards, and executive-level reporting packs aligned with PMI standards.
- Mentored and supervised a team of 12 project coordinators, embedding best-practice project delivery methodology.

AI PROJECTS & PORTFOLIO (BOOTCAMP)

Corporate Travel Prospecting Tool B2B lead generation tool using Claude AI + Apollo MCP to identify and rank corporate travel prospects in Nigeria with automated outreach workflows.	AI Browser Games & Dashboards Interactive browser games (Dino Runner, Oware/Mancala) and a global inflation tracker dashboard using HTML/CSS/JS via Claude Code.
